Production: 1,056 cases

Named after the owners' of the winery son, Mercotti, Mercotti's Milieu is a barrel selection of barrels that are expressive early and will drink well at release. Feminine, confidently elegant and approachable are traits we look for when selecting barrels each vintage to make the Mercotti's Milieu blend. The 2007 vintage beautifully combines floral aromatics with red fruit flavors of cherry and raspberry with brown spice notes in the finish. Silky texture and bright structure give the wine great mouth feel and balance. Of our 2007 releases, this wine exhibits the most "old world" characteristics and is sure to please. We recommend drinking now through 2012.
