Quiotee's Lair 2006 Pinot Noir

Vineyard: Vista Hills Vineyard

Harvest: October 18, 2006

Cooperage: 100% French Oak (20% new)

Bottled: January 3, 2008

pH: 3.47

Alcohol: 13.9%

Production: 198 cases

Quiotee's Lair 2006 is a single-vineyard bottling from Vista Hills Vineyard. Vista Hills Vineyard is a phenomenal high elevation vineyard located in the Dundee Hills, bordering our winery on the north. The added elevation allows for greater hang time during the growing season which enhances flavor development and complexity. The vineyard is planted with Dijon 115 clone pinot grafted on 3309 American rootstock. Yields in 2006 were 1.5 ton/acre.

Reviews:

"A highly expressive nose of floral, ripe red berry and a talcum powder element gives way to a round, supple and relatively forward light to medium-bodied flavors that possess fine intensity and precision on the solidly complex finish that displays real verve and persistence. This is still a bit youthfully austere and awkward though it should come together with a year or two in bottle and last for most of another." -

Burghound (90 pts)

Drink: 2010+
